

JUSTSM;E®

EVENTS & PRODUCTION

Conferences
and Production

We established Just Smile as an all-round Wedding & Events business, providing DJ's, Lighting, Technical support, Decoration & much more, and we are currently expanding the business again into the AV Hire, PA Hire areas, attracting hotels

and local businesses to choose us for their audio, video & public address requirements.

We are very blessed to work with a number of people whose company we enjoy. And furthermore, to have good friendships with many venues, hotels, local business owners and other suppliers who work with us, recommend us and in turn we try to do the same for them. We are also incredibly proud of the business, and delighted that we are a part of over 500+ successful events each year.

Establishing Just Smile in Hertfordshire has been a great challenge. One which we have enjoyed immensely, and look forward to many more years working in the area, alongside some fantastic people and their businesses...
