

LIGHTING - POWER and other electrical

updated Dec 2017

these are all sample pictures.

we can easily supply;

There are rules and reg's concerning what gets used where...safety first!
All our lighting is top quality! We've invested a small fortune and continually add to the kit. As with all electrical kit, it is tested regularly and well maintained

and all events end up being different!

net lights, tea lights, chase lights, curtain lights, waterfall lights, glitter balls etc.

[electrical equipment register and pat test record is here.](#)
[electrical risk assessment is here.](#)

We have done various training course for temporary power and lighting installations.
 Continuous CPD courses are taken to keep abreast of updates in BS7909 regulations.

Plus we have a great range of wedding and event decorations (non Electric)

FESTOON CABLES / STRING LIGHTS / BISTRO or Café Lights... Suitable Indoor/outdoor.

Cherry Lights. 24v. led (clear covers 1 inch dia). 1p68

20m strings, 50 bulbs.(ultra-brite 24v, 0.2w)+ plus 230v to 24v transformer
 low power & running costs.(10w per string) 6 x 20m in stock
 perfect highlighters for ambient effect. Often used on top of walls.
 uses 24v transformers that can supply a number of strings.

20m £30 each
 6 sets available
 IP68
 ambient

Coloured plastic covers. 3 inch dia IP44

25 m string with 50 B22 bulbs. (using 230v, 15w halogen or 12v bulbs).

In Stock 25m £30

Black Woodside Festoon. bright GLS Filament Glass bulbs, NO covers Heavy duty black 2 x 2.5mm rubber cable. UK Made. IP44

60w max bulbs indoors only on 10m short strings.
 B22, Bayonet fitting 25w max (inside or out)
 usually 25w/15w golf balls bulbs
 coloured / white / clear bulbs
 230v. Running costs and power supply needed reflects the number/ type of bulbs
 care must be taken with normal gls bulbs as they are fragile
 these bulbs can be used with a dimmer

stock shown
 10m (10 bulbs) £15
 50m (50 x 15w) £40.00
 100m (100x15w) £80.00

coloured bulbs are more for party decoration and not very bright.

Connectable Led Bulb Festoon Harness. Black rubber 2 x 1.5mm cable. IP44.

LED bulbs; we tent do use these most of the time now.

An excellent robust system. Less fuss with bulbs.
230v but LED BULBS. Very low power use.
 Plastic 1w led E27 screw fit bulbs in Warm White or
Coloured bulbs. or if you request. **colour changing bulbs!**
 10m strings, 20 lamps per string i.e. 1 lamp per 0.5m. (strings are daisy chained together)
 up to 200m can be daisy chained together from one source

10m (20 bulbs) £15
 50m £50
 100m £80

we can change the bulbs to suit your requirements and always get more festoon harnesses for longer amounts.

LED lightbulbs types:

Warm White bulbs give reasonable light, coloured are good as party highlighters. Used in/on roof top we have systems boxed / tested / ready to go

Red and White; alternating lamp colour along harness; great to match up with our red and white we can always get more!

many different colours!

Colour Changing Led Bulbs kept on a 10m strip./ 20 lamps

Vintage Effect clear plastic led bulbs.(the latest style) all on connectable black harnesses

currently we would be most keen on investing in more white festoon harness
 and vintage effect clear bulbs.

fitted with bright white or warm white.. Bright white LEDs are more useful for actual lighting

WHITE FESTOON HARNESS.. White cable. On trend again!

The brand new connectable, ever expanding, multi-dimensional systems for led lighting particularly useful for white weddings.

white rubber 2 x 1mm cable. IP44. fitted with warm white bulbs at 1m intervals. 1m interval is good for ambience, roof top curtains, long distances etc.

By doubling back we can make the intervals 0.5m for more impressive lighting. (sadly the full system we want isn't yet available)

the system is extendable to huge lengths and inter-connectable with our mains voltage fairy lights system and more.

each bulb 1.2w , bright white or warm white. 120 m current stock but can get much more. 10m connectable lengths that can go in all directions.

We can adapt and change easily but have 2 main systems ready to go;

One pile loaded with warm white bulbs. Giving yellowish glow.

One pile loaded with bright white bulbs.

Fittings for mains voltage connectable festoon cables and fairy lights systems

available in black and white to match cable.

using these fittings we have multiple connections possible.

just a few of the options available.

Icicle Lights. An outdoor Xmas thing really.

Manufactured again by Lite Engineering/Woodside.

LED (Xmas style) 230v

4x 5m (160 lamps per 5m) daisy chained led. . .

white bulbs on white cable.. Up to 16 sets/80m daisy chained on one power source.

5m

20m

£40

DON'T FORGET EXTERIOR LIGHTING FOR YOUR GUESTS SAFETY; TREES/ PATHS/ TOILETS/ CATERERS ETC.

Giant 3m high shepherds crooks , ideal for creating pathways or overhead bistro style lighting.

they have spikes to fit in the ground. So they need to be on grass.

10 crooks for £50

keep warm outside;

and what about some fire bowls!

maybe hire to buy ? £110 to hire and keep. With a bundle of logs for the night.

£50 hire

£110 hire to buy

ON TREND white festoon harness

perfect match for white tents.
and
weddings

FAIRY LIGHT Systems, PEA Lights. String Lights

Safer 24V internal or external use, beautiful roof effect each string 6m, 60 Led's.
uses 24v transformer power pack. With multi function.
Small power pack can connect up to 8 sets (480 Led's)
large power pack can connect up to 50 sets (3000 Led's)
lots of sets and various connectors available for multiple style set ups.
we have many many metres of this and can set it up in various ways.
We prefer cool white but many colours are available should you wish.

sample rig.
covering round end of tent.
8 strings power £25.00

Our lighting is available for Christmas parties and events.

above during install
central ring with approx 27 strings on creating fanned out effect
below during event

Mains voltage professional fairy lights. MUCH BETTER AND MORE ROBUST

we have many hundreds of metres of fairy lights all as vastly extendable connectable systems. White cable. Indoors/outside
we have **ring systems** to spray them out in circles of 5 strings. For example around marquee king poles.
Hoop systems to enable massive roof coverings with a circle of 25/30 strings like the inside of town halls or barns.
connectable systems to enable **parallel fittings**.

each bulb .13w
each 10m string 80 bulbs
can connect many hundreds metres together in multiple methods

Fairy light curtains. Wide drops of many strings.

warm white, white and twinkly versions.
multiple fittings and connection methods.

Paper and Nylon Lanterns. Mini to GIANT 1m ones. All shapes.

We use both paper and modern NYLON paper lanterns
Nylon are much more robust and can be used inside or outside
We stock colours to match the tents. In various sizes and shapes and can get all you need for your style at short notice.
Or we can get you whatever colour you prefer.

example cost
cluster of 8 fitted £25.00

230v, fitted with IEC connectors, E22 lamp holders usually with low energy lamps.
OR, they can be used with **battery operated Led's**. (handy in trees!)
If you really want, we can of course use paper lanterns of all shapes and sizes
and we can hang things like Pom Poms/ hats/ umbrellas/ huge wreaths/ hops. in the roofs!
we can dot lanterns at random locations or cluster them.
we have a system for hanging by using magnets if metal roof fittings available in tents or barns.

GIANT LANTERNS ARE VERY EFFECTIVE

Chandeliers

Different!
LED with very long cables from individual power packs.
six available Large. About 3 ft. drop and 2 ft. wide.
low power led bulbs.

each set 6 £10.00
£50.00

Chandeliers
vintage/ old school/ traditional...
Moulin style/ crystal and brass

each £20

Vintage Large Glass Filament Light bulb; Totally On trend!

Lots of light bulbs are available but we choose to stock **the very latest dimmable squirrel shape 8w led filament**.
they are expensive and great!

cluster of 4 ceiling rose and 16amp plug £20

they are fitted to brown **fabric covered cable** and have **brass lamp holder fittings**, some suitable for shades if you want.

designed to be hung in clusters or in singles. The dimmers we use for these are the very latest style suitable for Led's.

Dimmable LED Filament Glass Vintage Bulbs.. Small, round, long pencil, fat bulbs. Squirrel shapes.

dimmable led filaments: 4w and 6w power

Hanging Festoons designed for vintage lighting. With black rubber cable and long or short drops.

2017 designs!

dimmers supplied.

We aim to be creative with our lighting and prefer not to resort to traditional brass chandeliers and uplighters in marquees.

Its good to think about what mood is required.
Installation ready for use and removal is included in the prices.
But this all has to be discussed. Ditto power supplies etc.
Standard old-school marquee packages may include chandeliers, pin spots and up lighters.
And if that's what you want we are happy to arrange it or to add to our stock in order to create the right mood!

Wagon wheels!
and vintage lights!

You can leave it to us... or give us some ideas... or we can work with lighting specialists no problem.

below is some more of the kit we have and then there's the mobile nightclub we can create!

Flood Lights

Exterior/Interior LED lights (new 2012 high tech)
10w RGB, remote control e.g. for bushes/ porches size 11x8x7cm
