# JUSTSMILE

EVENTS & PRODUCTION

I established Just Smile as an all-round Events company, Event Production, Lighting, Staging, Decoration & Entertainment, and we have become very well known, with fair pricing and a reliable, professional reputation in Hertfordshire & London.

A lot of our work comes via recommendation, and we have an excellent reputation for our services, reliability & scalability too. We feel very honoured that so many amazing people make the decision to use us for their Wedding, Bar or Bat Mitzvah or other simcha.

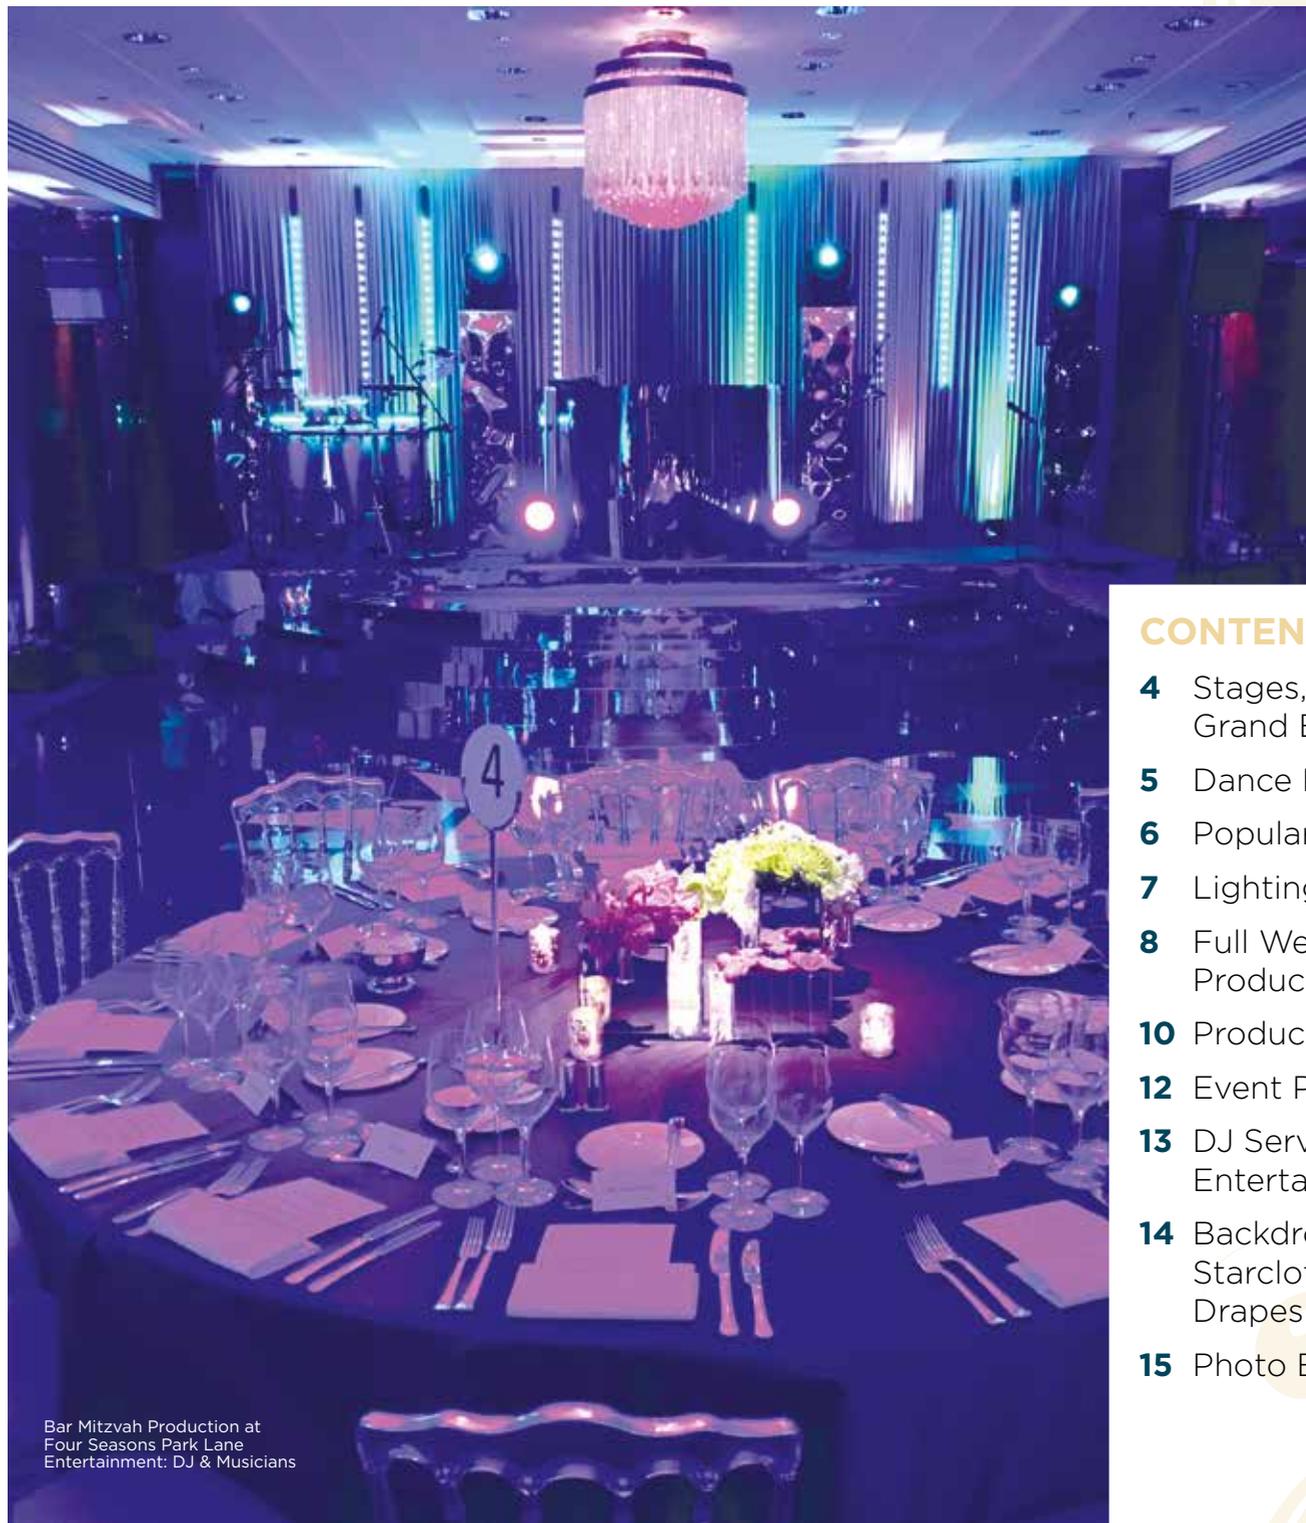

We are very blessed to work with a number of people whose company we enjoy. And furthermore, to have good friendships with many venues, hotels, local business owners and other suppliers who work with us, recommend us and in turn we try to do the same for them. We are also incredibly proud of the business, and delighted that we are a part of over 250+ successful simchas each year.

Establishing Just Smile in Hertfordshire has been a great challenge. One which we have enjoyed immensely, and look forward to many more years working in the area, alongside some fantastic people and their businesses...

*“ We’re slowly coming back down to earth and I wanted to thank you for all your hard work over the weekend. The chuppah room was great but the staging and lighting for the dance floor was stunning. I wanted to get that WOW factor as people entered the room and I’ve been told by loads of people that’s exactly what happened. Thank you. It worked great. All in all I thought everything was great and I hope you were happy with your creation. We’re still quite high from the night and want to do it all over again next week!! Thanks again and to your team. It was exactly what we wanted. Hope to see you again soon. ”*
