

Design And Build Sets For Corporate Events In London

Chillspace UK is a London based company, which takes their services all over the UK and Europe.

Chillspace UK is one of the leading [set design and build companies](#). Based in London we take our stage set and design services all around the UK and Europe.

We are a team of innovative people whose objective is to deliver outstanding events, whatever shape or size, for exceptional value.

When you want a distinctive event production that suits your corporate entertainment occasion, you can rely on the Chillspace team.

- Chillspace UK can design and build any aspect of set and staging for your event. From conference sets for corporate events and catwalks at London Fashion Week to fabulous waterfall set pieces and sets for experiential marketing.
- Chillspace UK deliver a real WOW factor whatever the event! Over the next few pages we have included images of some of the work Chillspace has designed and built over the last few years.
- We work with Event Organisers on stage backdrops for weddings, private and corporate parties held in venues such as exhibition halls, hotels, galleries as well as marquees.
- The sets we build often reflect the popular themes such as 007 James Bond, Gatsby Art Deco, Fairy Tale Weddings, Moroccan and many others. Popular stage backdrops with fairy lights, pleated dressed panels, or simple contemporary flats form corporate events.
