LET'S GO!

Hey everyone, listen up! Are you tired of the same old boring team-building activities? Well, say goodbye to trust falls and awkward icebreakers because Ifly Corporate Events and Teambuilding is here to save the day!

We've been in the game for over 10 years, providing top-notch experiences and team building for businesses, public events, and even air shows. And let me tell you, our track record speaks for itself. We've had teams flying high and shooting lasers like pros in no time.

So why waste your time with mundane activities when you can join us for an adrenaline-pumping, laughter-filled adventure? Plus, who wouldn't want to say they flew a Spitfire and shot lasers? It's like being in a sci-fi movie, but in real life.

So round up your squad, and let's make some unforgettable memories together at Ifly Spitfire Simulator & Ifly Laser Shoot. Trust us, your team will thank you for it (and maybe even give you that raise you've been hoping for). See you in the sky, folks!

Allow me to present the latest addition at the Ifly Spitfire Simulator – a cutting-edge time machine that transports you back to the 1940s!

We're talking about challenges that will put your piloting skills to the test. Can you handle the pressure of being a pilot from the 1940s? Do you have what it takes to be a part of an elite team?

depending on the number of occupants, here's what you can expect from our Spitfire Simulator:

- Approximately 10 minutes of flight induction
- Flying around London in the 1940's
- Takeoff
- Landing
- Engage in a dogfight challenge by shooting down enemy fighters and bombers

Spitfire

Brace yourselves for the ultimate virtual reality experience because our Spitfire is now set up to work in VR! That's right, you can now feel like a real WWII pilot with a fully working MK IX cockpit. Trust me, you have to see it to believe it.

Don't miss out on this one-of-a-kind experience. Come and see it for yourself. And who knows, you might just become the next ace pilot!

More information can be found on our website www.iflyspitfiresim.co.uk where you can take a look at our gallery and videos of our Spitfire.

LASER SHOOT

INDOOR & OUTDOOR

Are you tired of the same old boring team building activities? Well, we've got just the thing to spice up your next company outing. Introducing our Indoor and Outdoor laser shooting activities! But wait, before you start picturing yourself in a warzone, let us explain. Our indoor laser shooting game is designed for teams of five players to compete against each other. And no, you don't have to wear camo or carry heavy weapons. Instead, you'll be using laser guns to hit targets on a background image. And let's be honest, who doesn't love pretending to be a secret agent for a day? The team with the highest score wins and their score is displayed on a digital scoreboard. But here's the best part - no moving parts! So you won't have to worry about tripping over obstacles or getting hit by flying projectiles. All you need to do is aim down the sight of the gun and shoot as many targets as possible. Easy peasy, right? So round up your team.

**"WHO CAN RESIST DIVING
INTO THIS THRILL? COUNT
US IN!"**

**THE GOAL? TAKE AIM, SHOOT, AND RACK UP
THOSE POINTS!**

OUTDOOR LASER SHOOT

We can accommodate approximately 50 players throughout the day.

Hey everyone! You know what they say, bigger is always better! And guess what? Our outdoor laser shooting range is proof of that! It's so large that you might need a GPS to find your way back (just kidding, please don't get lost).

But seriously, our outdoor range is massive and it's the perfect place to unleash your inner sharpshooter. We require a whopping 40 meters by 10 meters of space to ensure everyone's safety. Safety first, people! Plus, let's be real, we don't want anyone accidentally shooting their Neighbour's pet turtle.

So here's the deal, we launch a clay disk into the air and your team of 4 to 5 players must channel your inner Hawkeye to shoot it down. And let me tell you, the feeling of hitting that disk is indescribable. It's like winning the lottery, but with more adrenaline and less money.

Oh, and did I mention there's a digital scoreboard? That's right, you can see your points adding up and show off your skills to everyone. And just a heads up, I'm pretty much a pro at this game so good luck trying to beat me.

Hey everyone! Just wanted to remind you all that teamwork makes the dream work! And let's be real, we all want that dreamy promotion and a hefty paycheck, am I right? So let's put the "team" in "team building" and make some magic happen! Plus, who doesn't love an excuse to have a team lunch and bond over some delicious pizza?
