Igniting Change for a Cleaner Future

PROUDLY ACCREDITED AS:

About Us & Our Mission

At Flame UK, we deliver tailored waste, recycling, and compliance solutions for businesses across the UK.

From small independents to national multi-site operators, we provide the expertise, technology, and personal service you need to meet your environmental and commercial goals.

Our Mission:

To help businesses operate more efficiently, stay compliant, and reduce environmental impact- without increasing costs.

Our Promise to You:

- Zero to Landfill Commitment – Maximising recycling and recovery to eliminate landfill disposal.
- Transparent & Independent – We work for you, not the suppliers.
- Fully Compliant – Keeping you ahead of legislation and audit requirements.
- Proudly accredited as a Living Wage Employer and Cyber Essentials Plus certified.

Why Choose Flame UK

Why Choose Flame UK:

- Dedicated Account Managers – Your single point of contact, ensuring seamless waste management from start to finish.
- Proactive Supplier Management – We handle all coordination, audits, and performance checks so you don't have to.
- Data-Driven Decisions – Our customer portal gives full visibility, turning waste data into actionable insights.
- End-to-End Compliance – From environmental audits to waste duty of care, we keep your events fully compliant.
- Sustainability Focus – Zero to landfill, continuous improvement, and waste solutions that protect both your brand and the environment.
- Trusted and Certified – Recognised as a Living Wage Employer, Cyber Essentials Plus certified, and rated 5 Stars on Trustpilot.

Your Next Step:

Don't let waste be an afterthought at your events. Get in touch today to see how Flame UK can simplify your waste management, reduce costs, enhance compliance, and make your events more sustainable.

Litter Picking

Keeping your premises or event site clean and presentable is essential. At Flame UK, we offer professional litter picking services tailored to your business or event needs. From high streets and retail parks to outdoor events and festival grounds, we ensure litter is promptly collected and responsibly managed, helping you maintain a safe, welcoming, and environmentally responsible space.

Services Available:

- ✓ Scheduled or on-demand litter collection
- ✓ Manual litter picking and bag collection
- ✓ Outdoor waste management for event sites, parks, and streets
- ✓ Full tracking and reporting via the Flame Customer Portal

Who It's For:

- Outdoor events, festivals & concerts
- Retail parks, shopping centres & hospitality venues
- Offices, industrial sites & workplaces
- Public spaces & community areas

How It Works:

- Litter picking scheduled to suit your site or event timetable
- Waste collected, sorted, and responsibly disposed of
- Transparent reporting through the Flame Customer Portal
- Waste diverted from landfill to eco-friendly disposal methods wherever possible

Key Benefits:

- ✓ Flexible, scalable litter management for sites of any size
- ✓ Fully compliant with Duty of Care waste regulations
- ✓ Cost-effective and environmentally responsible disposal
- ✓ Maintains a clean, safe, and professional environment

Bins

Managing waste efficiently starts with the right bins. At Flame UK, we provide flexible bin hire and management services tailored to your business or event needs. Whether you're running a festival, outdoor event, corporate gathering, or managing day-to-day business operations, our bins make waste collection simple, efficient, and environmentally responsible.

Containers Available:

- ✓ 240L wheelie bins
- ✓ 660L wheelie bins
- ✓ 1100L wheelie bins

Who It's For:

- Festivals, concerts & outdoor events
- Corporate events & conferences
- Retail parks, offices & workplaces
- Sporting venues & hospitality events

How It Works:

- Bins provided on hire or as part of a scheduled collection service
- Containers selected to match your waste volume and event size
- Fully tracked collections and usage reporting via the Flame Customer Portal
- Waste diverted from landfill to eco-friendly solutions wherever possible

Key Benefits:

- ✓ Flexible bin solutions for events and businesses of any size
- ✓ Fully compliant with Duty of Care waste regulations
- ✓ Cost-effective and environmentally responsible waste management
- ✓ Transparent reporting and collection tracking through our portal

ROROS

For larger volumes of waste, Flame UK provides Roll-On Roll-Off (RoRo) container services—ideal for businesses, construction sites, and large-scale events. Our RoRo containers make managing significant waste streams simple, safe, and fully compliant, helping you keep your site clean while supporting responsible disposal practices.

Containers Available:

- ✓ 10yd–40yd Roll-On Roll-Off containers
- ✓ Front & rear-end loader containers
- ✓ Compactors (where suitable)

Who It's For:

- Large-scale events, festivals & concerts
- Construction, industrial & manufacturing sites
- Retail parks, offices & corporate events
- Sporting venues & hospitality events

How It Works:

- Containers delivered and collected on a schedule that suits your site or event
- Waste fully tracked via the Flame Customer Portal
- Collected waste diverted from landfill to eco-friendly disposal and waste-to-energy solutions wherever possible

Key Benefits:

- ✓ Efficient management of large volumes of waste
- ✓ Flexible container sizes to match your requirements
- ✓ Fully compliant with Duty of Care waste regulations
- ✓ Transparent reporting and tracking

Portable Toilets

Clean, accessible restroom facilities are essential for any event or worksite. At Flame UK, we provide reliable portable toilet hire tailored to your event or business needs. From outdoor festivals and concerts to construction sites and corporate gatherings, our portable toilets help maintain hygiene standards and a positive visitor experience.

Toilets Available:

- ✓ Standard portable toilets
- ✓ Accessible & disabled toilets
- ✓ Luxury restroom trailers
- ✓ Handwashing stations & sanitiser units

Who It's For:

- Festivals, concerts & outdoor events
- Corporate events & conferences
- Construction, industrial & manufacturing sites
- Sporting events & hospitality venues

How It Works:

- Scheduled delivery, cleaning, and collection to suit your event or site timetable
- Units selected based on expected footfall and site requirements
- Fully tracked service via the Flame Customer Portal
- Waste responsibly treated and disposed of according to regulations

Key Benefits:

- ✓ Flexible portable toilet solutions for events and sites of any size
- ✓ Fully compliant with hygiene and Duty of Care regulations
- ✓ Regular servicing ensures clean, safe, and usable facilities
- ✓ Transparent reporting and service tracking for peace of mind

General Waste Collection

Managing general waste effectively is crucial for successful events. At Flame UK, we provide flexible, cost-effective, and fully compliant general waste collection services designed specifically for events of all sizes— from festivals and concerts to corporate gatherings and sporting events. We ensure your event waste is responsibly collected and diverted from landfill wherever possible, keeping your venue clean and environmentally responsible.

Containers Available:

- ✓ 240L wheelie bins
- ✓ 660L wheelie bins
- ✓ 1100L wheelie bins
- ✓ Front & rear-end loader containers
- ✓ Skips (4yd–12yd)
- ✓ Compactors

Who It's For:

- Festivals, concerts & outdoor events
- Corporate events & conferences
- Sporting events & stadiums
- Hospitality & catering events

How It Works:

- Scheduled or on-demand collections to suit your event timetable
- Containers selected to match your event's general waste volume
- Fully tracked collections through the Flame Customer Portal
- Waste diverted from landfill to waste-to-energy facilities wherever possible

Key Benefits:

- ✓ Scalable, flexible waste management for events of any size
- ✓ Fully compliant with Duty of Care waste regulations
- ✓ Cost-effective disposal via waste-to-energy solutions
- ✓ Transparent reporting and collection tracking via our portal

Dry Mixed Recycling

Managing recycling at events doesn't have to be complicated. Flame UK offers Dry Mixed Recycling (DMR) services designed for festivals, concerts, conferences, and outdoor gatherings. Attendees and staff can place paper, card, plastics, and cans in a single container, while we handle the collection, sorting, and recycling. By consolidating recyclables, we help event organisers reduce waste, lower disposal costs, and meet sustainability and ESG targets.

Containers Available:

- ✓ 240L wheelie bins
- ✓ 660L wheelie bins
- ✓ 1100L wheelie bins

Who It's For:

- Festivals, concerts & outdoor events
- Corporate events & conferences
- Sporting events & stadiums
- Hospitality & catering events

How It Works:

- Mixed recyclables collected together for simplicity
- Flexible collection schedules to fit your event timetable
- Sent to licensed Materials Recovery Facilities (MRFs) for sorting
- Recycled into new products, supporting a circular economy

Key Benefits:

- ✓ Convenient, one-bin recycling solution for events
- ✓ Reduces landfill disposal and waste management costs
- ✓ Supports sustainability goals and ESG reporting for events
- ✓ Full transparency with access to recycling reports via the Portal

Food Waste

Keeping your event clean and environmentally responsible starts with proper food waste management. Flame UK provides specialist food waste collection services for festivals, concerts, sporting events, corporate gatherings, and catering functions. We collect food waste from catering areas, concession stands, and hospitality zones, diverting it from landfill and processing it via anaerobic digestion to produce biogas and fertiliser—supporting your event’s sustainability goals.

Containers Available:

- ✓ 23L caddies
- ✓ 140L wheelie bins
- ✓ 240L wheelie bins

Who It’s For:

- Festivals, concerts & outdoor events
- Corporate events & conferences
- Sporting events & hospitality zones
- Catering and food service operators at events

How It Works:

- Bins provided to segregate food waste at source
- Collected on regular or event-specific schedules for convenience
- Processed at licensed anaerobic digestion facilities
- Converted into renewable energy and organic fertiliser

Key Benefits:

- ✓ Reduces landfill disposal and waste management costs
- ✓ Ensures sustainable and compliant food waste recycling
- ✓ Maintains hygiene and cleanliness across your event site
- ✓ Supports ESG and sustainability reporting for your event

Cardboard Recycling

Cardboard waste can quickly build up at events, from vendor packaging to catering supplies. Flame UK provides tailored cardboard recycling services for festivals, concerts, conferences, and large outdoor or indoor events. By collecting and recycling event cardboard, we help organisers reduce waste disposal costs, increase recycling rates, and support a more sustainable, circular economy. All collected cardboard is sent to licensed reprocessing facilities and turned into new cardboard products –giving your event waste a responsible second life.

Containers Available:

- ✓ Cages
- ✓ Wheelie bins
- ✓ Balers (small to mill size)

Who It's For:

- Festivals, concerts & outdoor events
- Corporate events & exhibitions
- Sporting events & stadiums
- Catering, vendors & hospitality zones

How It Works:

- Loose or baled cardboard collected based on your event's volume
- Bins, cages, or balers provided depending on event size and needs
- 100% of collected cardboard recycled into new products
- Recycling data accessible via the Flame Customer Portal

Key Benefits:

- ✓ Reduces cardboard disposal and event waste management costs
- ✓ Boosts recycling rates across your event site
- ✓ Supports circular economy and sustainability targets
- ✓ Detailed reporting available for ESG and event sustainability reporting

Glass Recycling

Glass waste can accumulate quickly at events, especially where bars, catering vendors, and hospitality areas are active. Flame UK provides reliable glass recycling services for festivals, concerts, corporate events, and sporting venues. We ensure glass bottles and jars are collected safely, kept separate from general waste, and sent for reprocessing—helping your event stay clean, compliant, and environmentally responsible.

Containers Available:

- ✓ 120L glass bins
- ✓ 240L wheelie bins
- ✓ Larger containers available for high-volume events

Who It's For:

- Festivals, concerts & outdoor events
- Corporate events & conferences
- Sporting events, stadiums & arenas
- Bars, catering zones & hospitality areas

How It Works:

- Dedicated glass-only bins provided to keep recyclables separated
- Scheduled or on-demand collections to fit your event timetable
- Glass sent to licensed recycling facilities for processing
- Transformed into new glass products, supporting a circular economy

Key Benefits:

- ✓ Safe and efficient collection of glass waste at events
- ✓ Reduces disposal costs and improves overall recycling rates
- ✓ Supports sustainability and ESG goals for event organisers
- ✓ Detailed collection and recycling data available via the Flame Portal

Oil Disposal

Proper disposal of used cooking oil is essential for any event with catering, food vendors, or hospitality areas. Flame UK provides professional oil waste collection services for festivals, concerts, corporate events, and street food markets. We ensure used cooking oil is collected safely, stored correctly, and recycled into renewable biodiesel—helping your event stay clean, compliant, and environmentally responsible.

Containers Available:

- ✓ Secure oil drums
- ✓ Bunded oil containers
- ✓ 60L–200L collection barrels

Who It's For:

- Festivals, concerts & outdoor events
- Street food vendors & catering companies
- Corporate events & exhibitions
- Sporting events & hospitality zones

How It Works:

- Safe, compliant containers provided for storing used cooking oil
- Scheduled or on-demand collections to suit your event schedule
- Oil transported to licensed recycling facilities
- Reprocessed into biodiesel, supporting a circular and low-carbon economy

Key Benefits:

- ✓ Safe and compliant disposal of used cooking oil
- ✓ Reduces the risk of spills, blockages, and hygiene issues
- ✓ Supports event sustainability and ESG reporting
- ✓ Full transparency with collection data via the Flame Customer Portal

Sustainability

Sustainability is becoming increasingly essential in the events industry, as organisers recognise the need to minimise environmental impact. By adopting eco-friendly waste management practices, event planners can conserve resources, reduce carbon emissions, and showcase their commitment to environmental responsibility.

Sustainable waste practices not only support eco-conscious values but also attract attendees who prioritise environmentally responsible events. Reducing the carbon footprint of your event enhances its reputation and appeal, helping you stand out to participants, sponsors, and stakeholders alike.

How Flame UK Can Help:

- Carbon-neutral waste collections: We source transport close to your event to reduce emissions from travel.
- Zero to landfill: We focus on maximising recycling, providing grade-split reports to show exactly how much waste has been recycled.
- Minimising carbon footprint: We work to deliver the greenest and most efficient waste collection solutions for your event.

Key Benefits:

- ✓ Reduce your event's environmental footprint and support sustainability goals
- ✓ Maximise recycling and minimise landfill disposal
- ✓ Transparent reporting to demonstrate ESG and eco-friendly credentials
- ✓ Enhance attendee experience with cleaner, greener event operations

FAQs

How will Flame UK recycle or treat my event waste?

Flame UK aims to send nothing to landfill – we will make sure that all your waste is treated appropriately and is separated at treatment plants to ensure that as much as possible is recycled.

What type of events do you service?

Everything! Weddings, corporate events, festivals, food festivals, sports events, running races, on-site TV shoots, music festivals, food festivals, gigs and concerts, outdoor cinema, markets, antiques fairs...The list is endless! Whatever event you are organising, we can support your event waste management.

How do I know which bins I need and how many?

We can help you with this. The number and type of bins will depend on the type of event, how many people and what kind of waste is expected. You may need some smaller wheeled bins to be placed in different areas. These can be emptied regularly if necessary. Our team of experts can help you estimate the number and type of bins that would work best for your venue or site.

Can you help me reduce the cost of my event waste management?

We absolutely can! Our years of experience will help you bring all our skills and experience together to make your event flow seamlessly at the lowest cost.

How soon should I start planning my waste event?

You should start as soon as you can. You can book event waste management in with us from an early start – the earlier we work with you the better – this gives us chance to understand the type of event you're organising and how we can support you. However – we can also handle last minute requests so if you've not sorted your waste management or have been let down by a supplier, just give us a call.

Trusted by Event Planners

"Chilfest has worked with Flame UK for the past few years, and the results have been outstanding. Our festival grounds have never looked so pristine! I believe we have the most cheerful litter pickers in the UK; they consistently greet us with smiles and bring a positive energy to their hard work. Their dedication and approachability make a significant difference in our festival atmosphere. The feedback we receive on our social media platforms is overwhelmingly positive, with many attendees praising the cleanliness and tidiness of our event. I wholeheartedly recommend Flame UK for their exceptional service!"

- Production Manager, Chilfest

Waste & Energy Management

At Flame UK, we're passionate about helping businesses create a sustainable future through innovative waste and energy management solutions. By combining expertise in both sectors, we offer a comprehensive approach that goes beyond traditional services.

Our extensive range of solutions empowers businesses to make informed decisions, saving time and reducing costs, while minimising their environmental impact. From energy optimisation to responsible waste management, we help you improve operational efficiency and strengthen your reputation as a socially responsible organisation.

Together, we can build a more sustainable and environmentally responsible future—one smart solution at a time.
